President liempstead and secretary
Foster were at the station to see the
boys off, as were a big crowd of Giant
recters and baseball fans, whose enthusiasin gave encouraging evidence
of the renewed interest in the game
and the home clubs that has been so
plainly manifested in local fandom
since the Glants and Vankees have both
been apparently so strengthened by
the addition of prominent players that
prospects are bright that both will be
factors in the respective races for the
pennant of 1918.

Matty, of course, was the greatest
attraction to the assembled enthusiasts, of any of the players, although
the youngsters did not lack attraction.
The clean cut appearance of all the
players and their apparently splendid
physical condition caused much favorable comment.

The star pitcher said in answer to the many auxious inquiries as to his famous pitching wins:

"I have trong hopes that I shall be able to set into the regular lincon of the Giants at the start of the champion-ship season this year and play out the string to the end. My physician, who has attended me all winter, tells me be thinks I will be able to use my old some bone as well as ever.

## THE **EL PASO**

Who discarded her crutches after using one bottle of Vitolox, will confer a favor by leaving her address and phone number at the Vitolox Booth, at The Herald's Cooking School, for the benefit of persons who may wish to ask her about the merits of the remedy.

### READ, IT, THEN TELL IT.

I am an accountant, office 319 First National Bank Building, El Paso. The people ought to know the facts concerning my case. About 5 months ago my health declined rapidly until I became an invalid in the full sense of the term. My nerves were shattered, my digestion was so weakened that I could take little food and that without apparent benefit, while my weight was reduced 30 pounds. An examination of my blood showed a marked lack of red corpuscles. I was advised to try Vitolox. I am now using the fifth bottle. My recovery has been rapid and remarkable for a man of my age. I have regained my weight and my system is in good condition. Vitolox is certainly the greatest remedy ever discovered, to cleanse and enrich the blood, eliminate poison from the system and restore the digestive organs to health. I will be glad to go more into details with any one who may wish to call me up. Phone

CHAS, L. MARSHALL.

After listening to Mrs. Evans' interesting lecture, stop at the Vitolox Booth for a sample doss, or for information about this remarkable medicine. You can get this at Kelly-Pollard's or any other drug store.

People living out of El Faso can have it sent prepaid, \$1.00 per bottle or 6 bottles for \$5.00, by writing The Vitolox Co., or have your druss statement for you if he should happen to be out.

Host of Fight Going New Yorkers Think 10 Round Bout Between Willard and Moran Will be Slow and Indecisive, Not Worth the High Prices Which Promoters Must Charge; Rickard Still Feels Hopeful.

BY PRANK G. MENKE.

"I am particularly anxious to do well this season, for I think the Gants have more than a fight-line chance to win out and I want to do my full chare toward it and make up for my poor showing last year, although that was by reason of illness.

so, a big bulk of the fans have decided
that the fight will not be worth the
price of admission—and they will stay

away,

Rickard and McCracken, however,
are confident of making a cleanup.
They realize that the prices they are
going to ask are beyond the reach of
the ordinary citizen and that many of
those who could afford it won't attend because they figure it will be a
wearying exhibition. But they are

There are at least 1,000,000 adult units in the Greater New York vicinity, asserted McCracken. 'Of that number we figure that at least 150,000 could pay out prices, and we expect to recruit enough spectators from those 150,000 eligibles to fill Madison Square Carden. And don't lose sight of the fact that we are going to draw about 1000 persons—or more—from other sittes.

"Our guarantee to the furthers is \$50,000. The rent of the Garden is \$7500 and the state tax will be about \$4000. That makes \$72,500. The incidental expenses, such as office rent, advertising, printing, special police and waters, traveling expenses, lights, building of extra seats, etc. will be about \$17,500. That brings the total to \$90,000.

about \$17,500. That brings the total to \$50,000.

"The Garden just now will seat june. When we get through rearranging the interior we will have about \$2,500 seats. Deducting \$00 for press and complimentaries leaves \$2,000 net. To clear expenses we will have to average \$7,50 per seat. I think we will average \$10. That will make the 'gate' \$120,000 and make our profit \$30,000, exclusive of moving picture profits.

Richard and McCracken almost are alone in their \$120,000 optimism, but when anyone joshes them about it, their answer is:

"Come around March 9 and listen to our 'I-told-you-son'."

ST. LOUIS scribes are not at all backward in asserting that the Browns, under the leadership of Fielder Jones, will win the American league pennant. Rather an aspiring campaign for Jones, when you consider that the Red Sox, White Sox and Tigers have the same objective.

WALTER JOHNSON allowed only one home run off his delivery last season. George Burns, of the Tigers, clouted the circuit hit off the delivery of the Washington sensation on August 10, when the Detroiters drove Johnson from the box. Other American league pitchers off whom but one home run was secured were: Dauss, Laudermilk, Ray Collins, Joe Wood, Ayres, Wyckoff and Wilbur.

ROGER BRESNAHAN seems to be settled at last. He has been one of the fighters of the major leagues for several years and usually manages to get into the limelight with his aggressiveness. As owner of the Toledo club, he will be in his old home town and his friends believe he will make good,

BOBBY WAUGH is now said to be in line for a number of good fights in New Orleans. He has not fought for several weeks as a result of a "canliflower ear," given him in a workout with Clyde Dwight. There is a prospect that Bobby's fight in the Louisiana city will be with Richie Mitchell, of Milwaukee.

COMMERCIAL leaguers are now discussing a plan to cooperate with the professionals and secure the use of Rio Grande park while Mc-Closkey's team is on the road. The soldiers have first call on the park but Lieut. C. Howard, of the artil-lery, says that the soldiers prefer not to come into El Paso except when necessary and is agitating for the erection of a ball park at Fort Bliss. It is unlikely that this move will meet with much success for the majority of the officers stationed here favor the mingling of army and civilian sports. However, if the soldiers do not play their Army league games at Rio Grande park, the Commercials will get the park Should the soldiers sign up on their option, manager McCloskey will endeavor to arrange a schedule so that the Commercials, if they so desire, may also play games there.

SOME talk has already started of a 90-mile bicycle road race for Independence day, the route being to Las Cruces and return. These races draw youths as contestants and the distance is altogether too great. Without proper training, no youth can ride 90 miles on a hot day and even with training many will feel the effects of such a strain for months. The committee in charge of the bicycle races should be satisfied with
